

Spruce & Akute Health Integration

What Makes This Integration a Game-Changer?

View & respond to messages, directly from the EMR

The only EHR system that offers this:

Now, you can see and respond to messages and conversations directly inside the patient chart. This is the ultimate integration of communication and patient management tools—right where you need it.

Integration Highlights

- ✓ View messages/conversations directly in patient charts
- ✓ Respond to messages without leaving the chart
- ✓ Initiate new conversations from within patient charts
- ✓ View & filter Spruce messages in the Akute inbox
